incorporating the convention to a greater or lesser degree

**EXCITING, INTERACTIVE EVENT – LIMITED PLACES – BOOK NOW!**

The “**Celebrating Participation**” Event is aimed at anyone with an interest in Children and Young People's Participation and offers an exciting opportunity to share your knowledge, skills and projects with others from the East Midlands Region - from the new worker in post to people who want to extend their knowledge of participation through to established workers and managers.

Any organisation, individual or project from any sector will be welcome to attend as the event aims to: encourage you to forge links in your local area and across the East Midlands; encourage partnership working; and facilitate animated discussion. It is an excellent opportunity to promote your organisation, methods of working and knowledge or to find out more in an informal and fun environment. We hope you will meet new faces and renew old acquaintances. You can view displays from around the region and from national organisations in addition to bringing your own displays and examples of work with children and young people to share with other professionals.

The event will be run in a Speed Networking style which will enable you to have fun, meet and make contact with many people from the East Midlands region. This, in turn will lead to you being able to create contacts to develop work throughout the East Midlands area and allow you to seek advice, support and discuss innovative ideas on the involvement of children and young people.
